## **PART 2 – AIMS AND OBJECTIVES OF THE SERVICE PROVIDER**

- We aim to ensure high quality, safe and effective services and environment.
- To ensure the management of patients who are ill or believe themselves to be ill, with conditions from which recovery is generally expected, for the duration of that condition, including relevant health promotion advice and referral as appropriate, reflecting patient choice wherever practicable
- To provide monitored, audited and continually
- To provide management of patients who are terminally ill
- To provide management of chronic disease in the manner determined by the practice, in line with the patient and in line with evidence based practice
- To provide healthcare which is available to a whole population and create a partnership between patient and health profession which ensures mutual respect, holistic care and continuous learning and training
- To provide a high quality general medical service which is monitored and audited to ensure it meets the needs of our practice population
- To improve clinical governance and evidence based practice
- To improve clinical and non-clinical risk management
- To improve environment
- To optimise performance against key targets and core standards

- To meet key targets
- To safeguard both children and vulnerable adults, by ensuring that all staff receive appropriate training
- To improve services offered to patients
- To improve communication between the surgery and the patients
- To recruit, retain and develop a highly motivated and appropriately skilled workforce
- To enhance performance of the workforce
- To manage and maintain the workforce effectively
- To ensure equality and diversity in the workplace through training
- To continue the development of the Practice
- To ensure effective management and governance systems
